Dear Valued Customer,

My name is Dan Bowers, founder and president of Vision Sporting Goods. I am excited to introduce an exclusive partnership between Vision Sporting Goods and Speedline Athletic. At Vision Sporting Goods we have chosen to set ourselves apart from the growing trend of vendors who relabel foreign-made uniforms and call them a private brand. In contrast, we have chosen to partner with Speedline Athletic who have a rich history dating back to the 1940s of manufacturing and delivering premium uniforms made from textiles sourced in the Carolinas and manufactured by American labor in the United States.

After visiting and inspecting multiple factories in other countries to assess materials, quality of workmanship, production, import procedures, and labor conditions, I determined that the very best fit for you, our valued customer, and for Vision Sporting Goods is to partner with a well-established, U.S.-based company. In tribute to the heritage and workmanship of our dedicated partners at Speedline Athletic, our custom uniforms will be labeled as **VISION CUSTOM powered by SPEEDLINE**.

VISION CUSTOM powered by SPEEDLINE uniforms cover all sports. We invite you to review our extensive catalog selection and to try our uniform builder to design a custom uniform for your program with premium fabrics, quality workmanship and delivery standards that simply cannot be matched by imported private label brands.
